## Farragut State Park

Located on Lake Pend Oreille. This park offers 145 spaces, toilets, showers and water. Can take up to a 32' trailer. Has a dump station, hook-ups, boat launch and docks. This is a great spot for swimming and kayaking. Located just 25 miles South of Sandpoint, Idaho, via Highway 95.

## Island View Trailer Resort

The resort has a space waiting for your RV, Camper, or Tent. Located just two miles East of Hope, turn right on Samowen Road. RV sites, boat harbor, boat rentals and general store. Stay in our cottages, use our docks or hook-up to one of our trailer spaces. Be sure to bring apples so the deer can eat out of your hand.

## U.S. Forest Service Fire Lookout and Cabin Rentals

Cabin and lookout rentals offer a unique way of enjoying the beautiful surroundings of the Idaho Panhandle National Forests. Perched high on a mountain peak with unlimited vistas or nestled beside a stream, these facilities allow you to experience rustic Forest Service living at its best.

<http://www.fs.fed.us/ipnf/rec/activities/rentals/index.html>

The allure of a crackling campfire and the opportunity to get away from the everyday hustle and bustle is one we all can relate to. There are many options to choose from when it comes to camping in the Sandpoint area. One can find fully developed campgrounds with showers, fire pits and evening nature presentations by campground staffers. Boat ramps, docks and trails are found at many of the area campgrounds.

For those seeking a more "primitive" camping experience there are certainly many choices from which to choose. There are numerous high alpine lakes which provide almost guaranteed seclusion and low impact camping. One can often just find a good place next to a stream or lake and pitch the tent or sleep under the stars. Often in the summer months the northern sky offers up one of nature's most spectacular light shows.....Aurora Borealis or the Northern Lights. The Northern Lights are truly one of the most spectacular shows nature will provide campers in the region.

For those with campers or RV's there are some fine RV parks with full hook-ups including water and power. Many of these are located on Lake Pend Oreille, as well as adjacent to the lake. Pump stations are at many of the parks as well. Most of the RV park hosts can offer visitors many options to make the stay enjoyable.
